

APRIL 2025

NATURAL GAS RATE SCHEDULE

(EFFECTIVE MARCH 26, 2025)

Tier 1 - General Service - Residential Rate:

Available to new/current residential customers using an annual average of less than 1,000 CCF per month.

New customers must meet the RGB Marketing Program requirements for Tier 1 – General Service (i.e. customer appliances must include a Natural Gas Water Heater or Primary Natural Gas Heating System). Note: prior customers who have discontinued their gas service for more than 12 months are considered new customers.

Availability charge per month	\$ 11.00
Volumetric charge per CCF *	\$ 1.555

Tier 1 – General Service - Small Commercial Rate:

Available to new/current commercial customers using an average of less than 1,000 CCF per month. New customers must meet the RGB Marketing Program requirements for Tier 1 – General Service (i.e. customer appliances must include a Natural Gas Water Heater or Primary Natural Gas Heating System). Note: prior customers who have discontinued their gas service for more than 12 months are considered new customers.

Availability charge per month	\$ 10.50
Volumetric charge per CCF *	\$ 1.512

Tier 2 - General Service – Residential & Small Commercial Rate:

Available to new residential & commercial customers using an average of less than 1,000 CCF per month, and meeting the RGB Marketing Program requirements for Tier 2 – General Service (i.e. customer appliances do not include a Natural Gas Water Heater or Primary Natural Gas Heating System)

Availability charge per month	\$ 25.00
Volumetric charge per CCF *	\$ 1.655

Large Commercial Rate:

Available to commercial customers using an annual average of 1,000 CCF per month or more.

Availability charges per month	\$ 28.00
Volumetric charge per CCF *	\$ 1.203
Volumetric charge per MCF *	\$ 12.03

Special Poultry Rate:

Volumetric charge per CCF *	\$ 1.249
-----------------------------	----------

Small Industrial Rate:

Minimum Charge	\$ 55.00
Volumetric charge per CCF *	\$ 1.015
Volumetric charge per MCF *	\$ 10.15

Large Industrial Sales Rate:

By contract with the Russellville Gas Board.

*Note: Rates for CCF and MCF volumes are calculated based on an average BTU content of 1,050 BTUs per cubic foot.

**Rates are based on a April 2025 gas cost of \$4.92 per MCF, and are subject to a purchased gas cost adjustment (PGA), on file at Russellville Gas Board.
